

Floor & Porch Enamel

READY-MIX COLOR SELECTOR

Inside or out, PPG Floor & Porch Enamels are ideal for high-traffic areas such as basement floors, patios, decks, steps and porches. For use on properly primed concrete, wood and metal, our advanced formulas apply easily and clean up with soap and water. Available in satin and gloss finishes, PPG Floor & Porch Enamels come in your choice of ready-mix colors, as well as hundreds of custom colors from the Voice of Color® design collection.

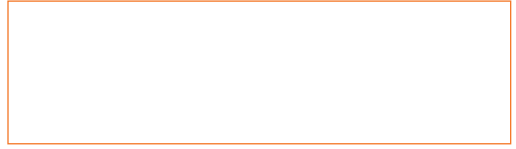

**100% ACRYLIC
LATEX FORMULA
SATIN FINISH**

- Advanced formula dries to a tough satin finish that stands up to wear and tear better than ordinary latex floor paints
- Easily cleans up with warm, soapy water
- Excellent adhesion to multiple surfaces
- Fast-drying and scuff resistant
- Also available in hundreds of custom tinted colors from the Voice of Color® design collection

Dixie Gray 3-517

Pewter Gray 3-518

Walnut 3-523

Tile Red 3-524

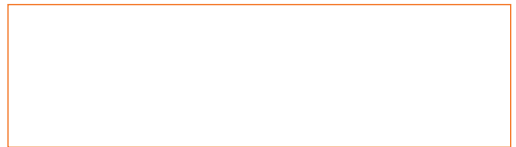

**WATER-BORNE
ALKYD FORMULA
GLOSS FINISH**

- High-gloss enamel provides bright, protective finish
- Performance of an alkyd with easy water clean up
- Excellent adhesion to multiple surfaces
- Scuff and abrasion resistant
- Also available in hundreds of custom tinted colors from the Voice of Color® design collection

Dixie Gray 3-617

Walnut 3-623

Tile Red 3-624

Color chips are affected to some degree by the type of light in which they are viewed, exposure to heat and light rays, and the age of the card itself. Therefore, there may occasionally be a slight difference between the color and sheen of the chip shown above and the actual paint when applied to a surface.
